

INSIGHTS TO IMPROVE VIRTUALLY EVERY DECISION IN HEALTHCARE

Transformative Solutions That Power Real Results

We're revolutionizing the industry and changing the healthcare landscape for the better.
The future is in sight.

THE PREMIER DIFFERENCE

Your organization is full of potential, and Premier is committed to helping you maximize results. By delivering exceptional insights across five critical service lines, we empower our members to do more by finding and unlocking potential.

GROUP PURCHASING

Healthcare organizations are constantly asked to do more with less. Premier was one of the first companies to translate the purchasing power of a healthcare alliance into significant cost savings. With more than 3,000 negotiated contracts with leading manufacturers, Premier can meet your contracting needs and ensure that you get the products and services you need, regardless of the size of your sourcing team.

TECHNOLOGY

Premier's performance improvement technology and analytics platform, PINC AI™, has one of the largest comparative databases in the country and is connected to the workflows of more than 400,000 physicians. The PINC AI™ platform integrates with most electronic medical records to deliver evidence-based insights at the point of care, even as it reduces cost variability. Quickly pinpoint opportunities to generate savings and improve quality with PINC AI™.

CONSULTING

Named Best in KLAS for Value-Based Care (VBC) consulting in 2022, Premier's experts partner with you to improve performance across your organization, from operational support to supply chain initiatives. With more than 100 billion data points backing our expertise, see how Premier's consultants and its massive database can help your organization succeed.

COLLABORATIVES

Collaborative problem solving is the future. We bring healthcare leaders together to listen and learn from one another's challenges and successes in supply chain, applied sciences, population health and quality improvement. Our collaborative approach has led to groundbreaking innovations, and by leveraging the scale of our alliance, we can propel best practices to become the standard of care.

ADVOCACY

Premier is your voice in Washington, D.C., advocating on behalf of Premier members and the communities they serve. Our D.C. team understands the issues facing healthcare providers and is relentless in addressing the challenges they face in the political sphere.

SOLUTIONS

Premier works tirelessly to develop the products and services members need to overcome the challenges of today and tomorrow. Driven by the twin goals of improving outcomes and reducing costs while providing seamless integration of care, Premier offers solutions focused on seven fundamental areas: supply chain, pharmacy, margin improvement, quality improvement, population health, data analytics and applied sciences.
